[20:57] <neospartanhesperos9> i think for the two year sub a dark crown with a purple flame coming out of it would look cool

[20:59] <i_came_here_to_something> @BlueGlaria It already had its comeback w/ Mania
[20:59] <eternia_forever> no sonic hat
[20:59] <i_came_here_to_something> If anything, Forces might nullify that, but we'll see
[20:59] <eternia_forever> the countdown

[22:03] <neospartanhesperos9> lol blue

[22:03] <i_came_here_to_something> @dukaduka Yeah, it is. I just think Sonic Team's burnt out on Sonic at this point. Let them make Burning Rangers 2 or a new IP, Sega.

[22:04] <thatanonybear> kinda like golden daisy duke shorts

[22:04] <thevietnamesecomrade> Yeah

[22:04] <scruffshark> Only three people were level designers, and had zero experience with past games.

[22:06] <f15664> LUL

[22:06] <eternia_forever> wtf

[22:07] <i_came_here_to_something> @dukaduka I wouldn't say let Sonic go completely; I think Whitehead's studio could give it a massively successful future if Sega actually backed their efforts seriously and give them the budget to do so. Mania is proof of that. But they really need to let Sonic Team do something fresh that isn't Sonic.

[22:07] <djrno1> imagine this game being 30fps

[22:07] <chovi4> wtf is happening

[22:07] <kingtimmahb> I'm sorry, how did he manage to get an early copy?

[22:07] <scruffshark> To me, that's a dumb executive decision to have only three designers take major role into making these games. If they had experience, then maybe. I think that decision is the reason we have levels that last about two minutes at a time.

[22:07] <thepunchingcactus> I think you're supposed to manually aim

[22:10] <thepunisherfrankcastle> Sonic Team thinks they're edgy not showing this guy's face.

[22:10] <weaponjay> The outfits are terrible

[22:10] <dukaduka> ITS NO USE SILVER

[22:10] <monsterenvy> The Phantom Ruby form Mania

[22:10] <neospartanhesperos9> they know how to make a game like Sonic mania, they clearly just choose not to for whatever reason that is

[22:10] <solomusic16> the phantom ruby from mania!

[22:10] <weaponjay> 80â€™s Anime clothing

[22:10] <mightyn7> why is silver even here NotLikeThis

[22:10] <i_came_here_to_something> @dukaduka Yeah, a big problem is they've been trying to force ideas into Sonic that would probably work better in other IP. It's not like Sega doesn't have the IP laying around they could bring back. Sonic Team themselves have Ristar, NiGHTS and Burning Rangers, probably others too I'm not aware of

[22:10] <bos2161> reeks of shit

[22:10] <solid_fantasy> It's an Infinity Stone

[22:10] <bos2161> LUL

[22:10] <chovi4> edgy D:

[22:12] <neospartanhesperos9> this boss fight is actually really cool

[22:12] <thetvietnamesecomrade> "I shall jump like a zig zag" - Sonic

[22:12] <thenewfaceofcreation> "Deltaforce"

[22:13] <dukaduka> @I_Came_Here_To_Something I just can't understand how mario can go from 64 to sunshine, to galaxy, to odessey, but sonic can't seem to find a 3D formula that works

[22:13] <thenewfaceofcreation> Just say delta :p

[22:13] <ttailsfox> this is actually pretty dope

[22:13] <thepunisherfrankcastle> He's literally Reality Stone.

[22:13] <dukaduka> it looks really cool and it sounds really nice, but what the hell is going on?

[22:13] <f15664> that's one long serpent

[22:13] <momochuu> this game actually seems pretty good for a 3D sonic game

[22:13] <majinboo3> thats because the 3d sonic games focus so much on the speed aspect of sonic they forget that sonic is a platformer

[22:14] <eternia_forever> @f15664 that is what she said
[22:14] <f15664> FailFish
[22:14] <dukaduka> Sonic is on Snake Way Kappa

[22:15] <xxghostbritxx> unearned rank
[22:15] <kekon3> too much edge
[22:15] <i_came_here_to_something> @dukaduka There's times where it feels like they have, but they never stick with an idea long enough to iterate on it. EAD carry many ideas over from one game to the next and iterate them. They're also given a lot of time to polish their work. Sonic Team chucks out a good idea the moment the game offends a part of the fanbase, and Sega gives them strict completion times to finish the games. Even if they need more time, they just ship them out the door.
[22:16] <thenewfaceofcreation> Too eady
[22:16] <bos2161> ya
[22:16] <xxghostbritxx> will phil ever play mvci again

[22:47] <neospartanhesperos9> all of the effort and engine of this game went into the Halloween animal dress up
Kappa
[22:47] <niruzi> I always wondered what those blak things were when you get all eggmans
[22:47] <dukaduka> @ThatAnonyBear something between nostalgic, nonsensical, and actual original plot
[22:48] <thatanonybear> @dukaduka i mean, the sonic comics have done great things with these characters, but we don't get to see it in these games
[22:48] <niruzi> this music man....
[22:49] <niruzi> Not feeling it
[22:49] <thatanonybear> this is really a hodgepodge plot
[22:49] <dukaduka> @ThatAnonyBear it's hard to make sonic games
[22:50] <dukaduka> i think the whole fast-paced style ruined the future of sonic games
[22:50] <thefr0zenanus>
[22:50] <thefr0zenanus> sonic games were always fast-paced

[22:50] <niruzi> I think he means the boost mechanic era
[22:51] <darkwolfpuppy> Almost everything after adventure 2 was bad to meh
[22:51] <thefr0zenanus> the first one was sort of slower and more platformer based tho
[22:51] <niruzi> Like maybe since unleashed
[22:51] <thefr0zenanus> rouge is my waifu
[22:51] <bethefueg> Sadly the game got old real quick):

[22:53] <eternia_forever> the gold s
[22:53] <jakkutilde> This game hands out S like candy
[22:53] <momochuu> this music is nothing like persona lol
[22:53] <thenewfaceofcreation> Persona?
[22:53] <elzorrobot> I miss the gaming days when boys were boys
[22:53] <thenewfaceofcreation> Wut
[22:54] <niruzi> not this music
[22:54] <niruzi> that stage sounds like an older persona game
[22:54] <eternia_forever> could u imagine phil wearing that gamer hat every stream lollllllllllll
[22:54] <dukaduka> this game kinda just throws things at you, without really telling you why it's important
[22:54] <niruzi> thiiiiiss is weird
[22:54] <dukaduka> KappaPride
[22:54] <ghostlyectoplasm> wowzers

[22:55] <eternia_forever> @dukaduka well you might be on to something
[22:55] <thenewfaceofcreation> "Look at me guys. Im wearing a game hat. Means that im a 8 years leagcy gamer"
[22:55] <i_came_here_to_something> Haha, Sonic you funny. Referencing the better modern Sonic game LUL
[22:55] <scruffshark> Speedrun?
[22:55] <alukart177> And its hard difficulty LuL
[22:55] <thenewfaceofcreation> Game too easy
[22:55] <darkwolfpuppy> That line was cheesy, but in a good way
[22:55] <neospartanhesperos9> Phil just stabbed me in the heart with that statement. Kappa
[22:55] <dukaduka> It does look fun, but this is the first time a sonic game has felt "too fast" to me
[22:55] <elzorrobot> I think you need to go back to dark souls phil
[22:55] <momochuu> this is definitely one of the best 3D sonic games made recently

[22:56] <scruffshark> The stages are under 2 minutes to beat some of the times. Speedruns would have to be under a minute, or even half of that.

[22:56] <niruzi> about time

[22:56] <thenewfaceofcreation> When phil getting the S rank. You know the game is super easy

[22:56] <darkwolfpuppy> "No copyright law in the universe is gonna stop me" -sonic 2014

[22:56] <thedoctor5437> game gives u too many outfits 5/10 Kappa

[22:56] <thefr0zenanus> what does dsp think of sonic lost world?

[22:56] <scruffshark> He never played it.

[22:56] <momochuu> this one is a lot better than boom and lost world

[22:56] <i_came_here_to_something> It's fun in the same way a Hollywood summer popcorn blockbuster is fun. Little if any substance, but a nice short thrill ride full of adrenaline.

[22:56] <scruffshark> Anything is better than those two games.

[22:56] <dukaduka> it feels the story is already reaching the midpoint, but it just started

[22:57] <ghostlyectoplasm> og my god

[22:57] <eternia_forever> now that is your grocery shopping outfit cheer25

[22:57] <dukaduka> @thefr0zenanus i agree about the character customization going to waste

[22:57] <ghostlyectoplasm> lmao

[22:57] <i_came_here_to_something> LUL

[22:57] <neospartanhesperos9> phil just putting random cloth items together lmfao

[22:57] <temoblanks> Your character looks like a complete mess

[22:57] <thatanonybear> dsp's getting bit by the furry bug

[22:57] <dukaduka> well phill thought road to hell retribution was good, so OpieOP eh

[22:57] <thatanonybear> PUMPED

[22:57] <dukaduka> sonic boom took itself too sesriously

[22:58] <thatanonybear> !schedule

[22:58] <nightbot> Nov. 5: Assassin's Creed Origins at 12:30pm PST! Then the premiere of Sonic Forces at 8:30pm PST!

[22:58] <kekon3> give your avatar a 360 spin dude

[22:58] <scruffshark> Most of these levels feel heavilly scripted, so I guess I understand why it's fun for him. Not even saying this as just an insult.

[22:58] <eternia_forever> it was good

[22:58] <audiki> is it worth 40 bucks

[22:58] <bethefueg> Every game is better than Boom. Thatâ€™s not an accomplishment lol

[22:58] <eternia_forever> buuuuuuuut

[22:58] <kittyspank> wtf u got goin on

[22:58] <thatanonybear> @Audiki eh hh

[22:58] <scruffshark> That's why I'm not gonna buy it.

[22:58] <jakkutilde> you'll beat it next session easy

[22:58] <dukaduka> it's easy to stream and play this game because of how it plays though :D so that's a positive

[22:58] <elzorrobot> k gnight phil

[22:59] <dukaduka> @Friikshow yes

[22:59] <i_came_here_to_something> @Friikshow Man, Boom is easily more broken than '06 ever was. Play as Knuckles and you'll see the light.

[22:59] <thevietnamesecomrade> I'm off first, cya guys!

[22:59] <ratchet446> night

[22:59] <scruffshark> These levels don't ask much from you. So I don't even know why I'd play it if I could

watch someone's experience, and it'd be the same thing that'd happen to me.

[22:59] <eternia_forever> take care everybody

[22:59] <reggie_jay> @DarksydePhil what times do you stream

[22:59] <kittyspank> bi phelas

[23:00] <darksydephil> ill just update that message in a few minutes for tomorrow's games bu tsame times

[23:01] <scruffshark> If this game is short as I'm hearing it, then I don't think it's worth picking up.

[23:01] <darksydephil> thanks all for a great stream tonight!

[23:01] <dukaduka> @ScruffShark it's \$40

[23:01] <thatanonybear> well, more often 7:30 then 8:30, that 8:30is usually new releases

[23:01] <dukaduka> so not full price

[23:01] <ratchefan12> @DarksydePhil thanks for the awesome stream phil

[23:01] <scruffshark> That's fine, but I'd rather watch someone else play it if most of the levels are like this.

[23:01] <scruffshark> It's just not my cup of tea.

[23:02] <thatanonybear> i loved it, it did improve my opinion of the game

[23:02] <dukaduka> @ScruffShark that's fair

[23:03] <dukaduka> the game looks 6/10 ish by conventional standards, but it's a pretty fun looking casual game

[23:03] <dukaduka> i would buy it for my kid

[23:03] <kittyspank> there are 16million millionaires in the usa if u cant afford 40\$ to wipe your ass u dont matter
